

JMASC POS[®]

POINT OF SALE & INVENTORY TRACKING SYSTEM

Version 4.0

Modern retailers understand business isn't all about the Cash Register ringing! It's all about managing from the Beginning to the End, and everything in between that runs in a business!

Compete in today's rapidly evolving retail market with a fast and flexible software that stays 2 steps ahead of your business. Let our expertise help you boost your Business Bottomline, maximize efficiency, improve accuracy, and minimize inventory-related losses.

Since 30 years, we have been running Convenience & Liquor Stores in the United States. Our experience in the retail business has lent us an upper hand in understanding the intricate nuances faced whilst running a retail store. We have personally faced and learnt from the challenges faced by retail business owners.

With a unique understanding of user requirements, We have developed and designed our own **Point Of Sale and Inventory Management System** with complete functionality based on actual needs of any retail business. Our firm belief stems from the fact that quality support is the key to success!

JMASC POS[®] system is built ground-up using innovative technology for creating ideal business systems for retail enterprises. By providing a powerful yet easy-to-use, cost-saving capability far beyond that you can expect from conventional cash register or generic point of sale systems and software applications. Our POS system is powered for capturing and utilizing sales information as well as develop strategies for spearheading you ahead of the competition. It increases efficiency and improves accuracy, lower operating costs and manages your inventory by reducing theft & losses, and zero stock situations.

Version 4.0

Scan Data Services by JMISC POS[®]

Easy, Secure and Automated Scan Data

JMISC POS is offering a **Scan Data Service** that will allow you to take advantage of this great opportunity for more profit from your sales.

Our one of the most praised features, which has been integrated with a view to make your investment earn for you with each passing day. With a lot of companies rolling out reward policies & schemes for their loyal retailers, the Scan Data function earns back for you with each sale you make.

The Scan Data function makes available part of your sales data, which is particularly only the sales figures for trend analyses and studying for companies such as **Altria (Philip Morris), RJ Reynolds, JUUL, ITG Brands** etc. **JMISC POS** is certified with major companies for Scan Data. These companies provide motivational incentives for providing such sales trends data at regular intervals. Such data is asked for, to improve their production & delivery timelines to various regions as well as restructure any or all sales promotion-based activities for further driving up their sales. The benefits of these reports, which need to be sent regularly, is reflected in your bank accounts through our Buy Down function!

Thankfully, with **JMISC POS**, your scan data can be easily shared with them. Many companies like Altria and RJ Reynolds make use of this data to improve their inventory process and to gain insight into what is selling and what is not. In return, they offer you discounts that can be passed right back to your customers, allowing you to be more competitive in your pricing.

Other Benefits of Scan Data Program: 2 Pack Promotion / Loyalty Program

There are even more than financial incentives. Vendors often use the data to help you with reordering and maintaining sponsored promotions. Start taking advantage of this great opportunity for more profit. **JMISC POS** submits the necessary data for you to comply with the program requirements.

We collect \$350 yearly per store for providing this service. **Though you may earn much more using this service.**

Please check estimated rebate calculation below:

Philip Morris \$.10/carton cartons/week	RJ Reynolds \$.15/carton cartons/week	US Smokeless \$.15/roll rolls/week	Rebate \$/Year
75	50	12	\$600*
150	100	25	\$1200*
225	150	37	\$1800*

Ask your Altria and RJR sales representative for details on these exciting and exclusive programs | * Sample Calculation Only
